THE NEW ORLEANS, MOBILE, AND TEXAS RAILROAD COMPANY.

The industrial reconstruction of the South is largely in the hands of Northern capitalists, who are taking advantage of the abundant resources of the Gulf States, and sowing seed for future profitable harvests. Among the enterprises which are to penent the region in which they are located, and, at the same time repay handsomiy the capital invested, is the line of railroad running from Mobile through New Orleans to Houston, Texas, a distance of 475 miles. Such well-known Northern bankers business men as Hon. E. D. Morgan, Hon. Oakes Ames, Messrs. Morton, Bliss & Co., J. & W. Seligman & Co., William S. Williams James H. Banker, and others, are associated in the work, and the stockholders have made an importan: deviation from the too frequent practice of those having in hand the building of new rallroads, by first putting into the line a very large amount of their own funds, amounting, it is said, to nearly ten mil-Zion dollars, before offering any sort of securities to the public. Having done so much themselves, the company now issue bonds upon the Louislana division—the most important part of the entire line-which are thoroughly secured both by the certain prospective business of the road, and the large amount, above noted, which has already been invested in the work. The bonds are of two classes: First Mortgages to the very small amount of \$12,500 per mile, and Second Mortgages, to an equal amount, both principal and interest guaranteed by the rich State of Louisians.

At the price at which these bonds are offered they pay very largely in excess of Governments, and the figures given in the Company's pamphlet show that these S per cent, currency bonds are much more pro-Atable, at the same price, than 7 per cent. gold bonds. The advertisement in another column presents some of the strong features of this new road, and parties having money to invest will do well to examine the matter.

HAS ACQUIRED A WORLD-WIDE FAME.

All of my preparations are meritorious. A period of twenty years has PROVED THIS to be the case.

See remarks made by Benjamin Travers, F. R. C. S. Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic, with this invaluable attribute, that it is applicable to a state of the system so sunken and yet so irritable as renders other substances of the tonic class unavailable or injurious.

See REMARKS of the GREAT CHEMISTS AND PILL MEN OF AMERICA. WM. R. WARNER & CO.,

No. 154 N. Third street, Philadelphia, Pa. H. T. HELMBOLD-Esteemed Friend:-We congratulate you on having the handsomest, and, at the same time, the MOST EFFECTIVE PILL that we have ever known for the purpose intended.

WM. R. WARNERIA CO. H. T. HELMBOLD will remark, in conclusion, that his remedies are the result of long and careful study. The Fluid Extracts have been before the public twenty years; the sale of them in that time proves their value. All have been benefitted by them who followed my instructions, and to-day they stand UNEQUALLED in the extent of their sale and UNSURPASSED by any Medicament in the Dispensatory of the United States, not excepting a single HERB, ROOT, PLANT, or scientific preparation. Pharmaceutical I claim all mine to be, and have never patented a single one.

To dispel any impression or prejudice that might exist in the minds of many against my Preparations from the publicity given through advertising, and that I am and have been a druggist for a period of twenty years, and more conclusively to prove this see letter :-

[From the largest Manufacturing Chemists in the World.]

NOVEMBER 4, 1854. I am acquainted with Mr. H. T. Helmbold; he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and

for ten years. They are now perfect, and I shall stake my time, money, and fame on their effectiveness. The inviting style in which the Pill itself is made, the bot tle, label, wrapper-all show with what care they have been prepared. After examination, no English or French preparation will show greater care, and I am really proud of them.

Instead of the nauseous-looking, carelessly-prepared Pills vended generally and put up in wooden boxes, and made generally or offered by those having no experience as physicians, druggists, or manufacturers of medicines, test the medicine offered by your obedient servant. H. T. HELMBOLD.

This great medicine cured Dr. J. H. Schenck, the proprietor, of pulmonary consumption, when it had assumed its most formidable aspect, and when speedy death appeared to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds. Dr. Schenck has been equally successful in the treatment of others similarly affected. Since his recovery he has devoted his attention exclusively to the cure of consumption and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. The Syrup is a safe remedy. It contains no mineral poison and no violent drug of any kind; hence it cannot possibly injure the system. Its healing effects on the lungs are most remarkable; it permeates those organs and carries its salutary influences to every part; it soothes the inflamed surface of the bronchial tubes; it promotes expectoration, and thus enables the system to throw off the disease. In short, it is the true remedy and the only one for the most fatal of all maladies, as many persons of the highest respectability who have experienced its benefits can testify. Numerous certificates to this effect, and full directions in English, French, Spanish, and German, accompany each bottle. Dr. Schenck is professionally at his Princi-

pal Office, No. 15 N. Sixth street, corner of Commerce street, Philadelphia, every Saturday, where all letters for advice must be
